

Week 10 Meeting Notes (PixelPals)

Date: 27th November

Time: 16:30 – 17:00

Attendees: Maeesa (PM), Jamaal, Joel, Seher, Russell, Oscar

Location: Online Meeting (Discord)

General Discussion:

- Review MVP progress for Week 10
- Identify remaining tasks for Week 11 (submission week)
- Confirm responsibilities and priorities
- Check alignment with the mark scheme

Progress by Member:

Jamaal

- Login and registration pages completed
- Basket and checkout pages still need to be completed
- Will focus on functionality required for MVP

Joel

- Contact page HTML completed
- Outstanding Trello tasks still need to be finished
- To push any updates into the frontend folder before Thursday

Seher

- Wireframes are halfway done
- Trello tasks remain outstanding
- Reviewing mark scheme (ongoing responsibility)

Russell

- Report writing completed
- Will perform a full mark-scheme check to ensure all MVP requirements are covered

Oscar

- Product page completed
- About Us and Home page still need to be created
- To follow the shared page template for consistency

Maeesa:

- Fix GitHub structure
- Do backend PHP links

PM Notes: Maeesa

- Ensured all members understand their remaining MVP responsibilities
- Confirmed that all pages follow the shared header/footer template
- Preparing backend structure for testing
- Will assist with integration and ensure the project runs on XAMPP for Week 11

Next Meeting

Date: Week 11
